SUPPORT FROM THE SCHOOL

- ☐ We have **developed** processes to monitor students' learning without **MYE** and **leveraged** the freed-up time and space to deepen students' learning.
- ☐ We will **monitor** students' learning progress; and **give** them feedback and **guidance** to improve their learning through **regular** interaction in **class** and **assignments**.
- ☐ We will continue to help our students focus on **learning and mastery**, and develop in them the **intrinsic motivation, resilience** and **confidence to learn**, which will enable them to **learn for life**.

How else do we support our students beyond the academic subjects?

Exposure through LJs to Poly in Jan, and Career talks and Sharing by Alumni in April 2025

Guidance in preparing for Aptitude-based Admission (EAE and DSA) and digital portfolio through talks and CCE lessons

Building Mental Fitness (building a wellness capsule and positive outlook of the future) through CCE lessons and assembly programmes throughout the year

Preparing Students for Aptitude Admissions Exercise (DSA – JC / EAE Poly/ITE)
